

IMaSS is pleased to offer three Travel Grants to join the **13th Symposium on Structural Proteomics**

Three travel grants of 200 euro are offered by the Italian Mass Spectrometry Society in order to encourage the participation to the international congress: 13th Symposium on Structural Proteomics.

Travel grants are reserved to students of any grades (undergraduate, fellowship and scholarship or doctoral student) that will bring a contribution to the congress. The winners will be selected based on the abstract of their contribution.

For the application, please send an email with your personal details, affiliation and the abstract of your contribution to:

abstract.submission@imass.it
